Welcome Home Initiative© (WHI)

The Welcome Home Initiative© is a healing program for military veterans who have served their country in combat and suffer from **post-traumatic stress** or moral/soul Injury.

We assist veterans and their spouses to accomplish essential **spiritual and emotional healing** from combat related post-traumatic

stress (PTS) as a complement to medical, psychiatric and social services already in place. The program is geared to help every participant know and experience that they are “Welcome Home” in every sense.

The connection and friendships that are formed during these retreats are outstanding. Participants find equal footing and experience camaraderie, regardless of their rank or branch of service”.

*There is **no fee** for a veteran or spouse to attend.*

PTSD isn't about what's wrong with you...it's about what happened to you.

The WHI program comprises a series of talks designed to give an overview of healing PTS and moral injury, including:

- * Resources for coping and recovery
- * The importance of telling your story and how to do so effectively.
- * Healing of memories
- * Impact of post-trauma stress upon family and other close relationships.

“We demolish arguments and every pretension that sets itself up against the knowledge of God, and we take captive every thought to make it obedient to Christ”. 2 Corinthians 10:5
